- Tamrac shock absorber camera strap
- Matt's is similar to model N-5055
- B&H: search on "tamrac neoprene"

HOT SHOE LEVEL

- Level your images in-camera
- B&H: search on “hot shoe level”

QUICK-FLIP FLASH EXTENDER

- Puts flash further from camera to prevent red-eye
- Allows flash to be above camera for vertical shots
- Bigger camera gets more respect
- B&H: Stroboframe “quick flip 350”

OFF CAMERA FLASH CABLE

- Allows flash to be used off camera while keeping all automatic modes
- B&H: Search on “off camera shoe cord”

QUICK-FLIP FLASH EXTENDER & OFF CAMERA FLASH CABLE

WEIN SAFE-SYNC

- Mounts on hot-shoe
- Mitigates risk when connecting to unknown studio flash systems
 - Some older flash systems are high voltage and can fry digital cameras
- Saves wear on your sync connector
- B&H: search on “wein safe sync”

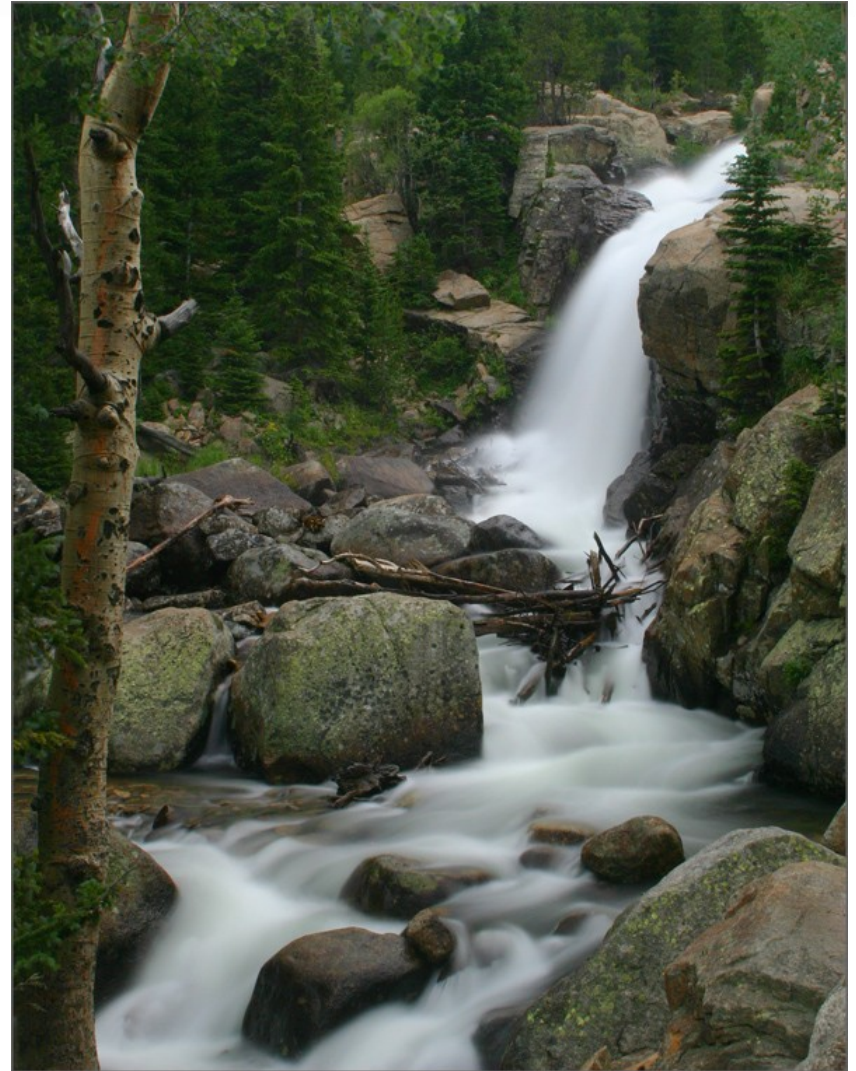

GIOTTOS BLOWER

- “Large” Rocket Blower
- To Clean Sensor
 - Put camera on tripod facing down
 - Remove Lens
 - Put in cleaning mode to flip up mirror (see your camera instructions)
 - Squeeze blower without putting nozzle inside the camera
- B&H: search on "Giottos rocket"

NEUTRAL DENSITY FILTER

- Blocks light without affecting color
- Allows longer shutter speeds or larger apertures
- Tiffen
 - 0.3 = 1 stop
 - 0.6 = 2 stops
 - 0.9 = 3 stops
- Example: 6 sec exposure

FILTER STACKING CAPS

- Compact method to travel with your filters
- Screw all your filters together
- Use Step Rings to adapt different sizes
- Caps go on the ends

COLLAPSIBLE REFLECTOR

- Many uses
- This example
 - Subject in shade with main light reflected from sun
 - Position 30-40 degrees from camera slightly above the subject
- ebay (new, not used)
 - Search on “collapsible reflector”
 - “cheap” Chinese reflectors good enough for most uses
 - Matt’s is 42 inch gold/silver

EYEPIECE EXTENDER

- Allows people wearing glasses to see entire image through viewfinder
- Canon EP-EX15 fits most Canon cameras

GEPE WATERTIGHT CARD CASE

- Gepe Card Safe Extreme
- Watertight
- Holds Four Compact Flash (CF), etc
- B&H: search on "gepe card safe"

FLASH EXTENDER

- “Better Beamer” flash extender
- Use with telephoto lens
- Illuminate subjects 100+ feet way
- Custom models for popular flash models
- B&H: search on “better beamer”

SHOWER CAP

- Temporary cover for camera in light rain or dusty locations
- Take some – I have hundreds

WHITE BALANCE FILTER

- Kaiser Fototechnik (Seculine) Vivicap
- Measures white balance of existing light
- Procedure
 - Take a picture with the cap on
 - Camera settings: Custom White Balance – Import (see camera manual)
 - Remove cap
 - Following images will use custom setting
- B&H: search on “vivicap”

Auto White Balance

Correct White Balance
