

Members of the Suncoast Camera Club,

For those who have enjoyed their relationship with the Suncoast Camera Club and the friendships they have developed from within the club and want to support the organization and its continuance so that others may find benefits beyond the ability to express themselves photographically, we have three donation suggestions.

First, a non tax deductible gift can be made via our Monetary Donation Form. The IRS allows you to make a non taxable gift per calendar year (2017) of up to \$14,000.00.

Second, you may include Suncoast Camera Club in your will or trust by adding a Codicil or amendment to your trust.

Third, you could establish a Charitable Remainder Trust.

The second and third contribution options will need the assistance of your estate attorney to properly execute those documents. This could be a good time to have those documents reviewed in any regard to determine if they currently represent your interest and meet current legal requirements. You probably do not want the state to determine where your remaining estate assets will be distributed if your will is not in order or you pass intestate (without a will).

All of these donations and contributions suggested can be done confidentially and anonymously or done as a memorial or legacy should that be your wishes.

Suncoast Camera Club has many financial needs at times that go beyond our membership dues. Facilities expenses, replacing worn out equipment and expanding the membership benefits are constant challenges we face. Your consideration and thoughtful support goes beyond gratitude.

Respectfully yours,

Suncoast Camera Club Financial Committee
